

Associate in Applied Science

Ophthalmic Medical Personnel (A45210)

Overview

The Ophthalmic Medical Personnel program prepares individuals to perform ophthalmic procedures under a licensed physician specializing in Ophthalmology. Coursework encompasses lecture, laboratory, and clinical training covering ocular measurements, testing, lensometry, medication administration, eye care, and instrument maintenance.

Employment Outlook

Diploma graduates may qualify for Certified Ophthalmic Assistant certification; Associate degree graduates may pursue Certified Ophthalmic Technician certification through the Joint Commission on Allied Health Personnel in Ophthalmology National Certification Exam. Graduates work in medical institutions, clinics, or physician practices.

Plan of Study

CREDITS

Term I

ENG 111	Writing and Inquiry	3
OPH 113	Introduction to Diseases of the Eye	2
OPH 115	Ophthalmic Clinical Procedures I	3
OPH 119	Ophthalmic Optics & Basic Refractometry	2
MED 121	Medical Terminology I	3
ACA 122	College Transfer Success	1
Term Credits		18

Term II

PSY 150	General Psychology	3
OPH 114	Basic Ophthalmic Pharmacology	2
	Introduction to Communication or Public Speaking (COM 110 or COM 231)	3
OPH 116	Ophthalmic Medical Assistant Practicum I	5
OPH 117	Ophthalmic Clinical Procedures II	3
OPH 118	Ophthalmic Patient Care	2
Term Credits		18

Term III

OPH 120	Ophthalmic Medical Assistant Practicum II	5
Term Credits		5

Term IV

OPH 217	Ophthalmic Clinical Procedures III	2
OPH 218	Advanced Ophthalmic Patient Care	2
OPH 219	Ophthalmic Optics and Refractometry II	2
BIO 163	Basic Anatomy & Physiology	5
MAT 143	Quantitative Literacy	3
Term Credits		14

Term V

OPH 220	Ophthalmic Medical Assistant Practicum III	7
ENG 112	Writing and Research in the Disciplines	3
	Humanities/Fine Arts elective	3
Term Credits		13

Total Credit Hours

68
