

## Associate in Applied Science

# Surgical Technology (A45740)

## Overview

The Surgical Technology curriculum prepares individuals to assist in surgical patient care within operating rooms and function as surgical team members. Students apply theoretical knowledge to patient care during surgery and develop competencies in preparing supplies, equipment and instruments; maintaining aseptic conditions; preparing patients for surgery; and assisting surgeons during operations. Graduates take the National Board of Surgical Technology and Surgical Assisting Certification Examination before graduation.

## Employment Outlook

Employment settings include labor/delivery/emergency departments, inpatient/outpatient surgery centers, dialysis units, endoscopy suites, physician offices, and central supply processing units.

## Plan of Study

CREDITS

### Term I

|                                                    |           |
|----------------------------------------------------|-----------|
| <b>SUR 110</b> Introduction to Surgical Technology | 3         |
| <b>SUR 111</b> Periop Patient Care                 | 7         |
| <b>MED 121</b> Medical Terminology I               | 3         |
| <b>ACA 122</b> College Transfer Success            | 1         |
| <b>Term Credits</b>                                | <b>14</b> |

### Term II

|                                               |             |
|-----------------------------------------------|-------------|
| <b>SUR 122AB</b> Surgical Procedures I        | 3           |
| <b>SUR 123AB</b> Surgical Clinical Practice I | 3.5         |
| <b>BIO 168</b> Anatomy and Physiology I       | 4           |
| <b>ENG 111</b> Writing and Inquiry            | 3           |
| <b>Term Credits</b>                           | <b>13.5</b> |

### Term III

|                                                           |             |
|-----------------------------------------------------------|-------------|
| <b>SUR 122BB</b> Surgical Procedures I (continued)        | 3           |
| <b>SUR 123BB</b> Surgical Clinical Practice I (continued) | 3.5         |
| <b>BIO 169</b> Anatomy and Physiology II                  | 4           |
| <b>Term Credits</b>                                       | <b>10.5</b> |

### Term IV

|                                                  |           |
|--------------------------------------------------|-----------|
| <b>SUR 134</b> Surgical Procedures II            | 5         |
| <b>SUR 135</b> Surgical Clinical Practice II     | 4         |
| <b>ENG 114</b> Professional Research & Reporting | 3         |
| Mathematics elective (MAT 110/143/152/171)       | 3         |
| <b>Term Credits</b>                              | <b>15</b> |

### Term V

|                                                    |           |
