

Associate in Applied Science

Cloud and Networking Technologies

(A25590CN)

Overview

Networking and the cloud now power everything—and the two have become inseparable. This program gives you the integrated skill set modern IT runs on: enterprise networking, switching and routing, Linux and Windows administration, virtualization, cloud storage, and data center management.

Through hands-on labs you'll configure real networks, stand up servers, and manage cloud and virtualized infrastructure—graduating ready to keep an organization's systems fast, secure, and always available. This degree unifies Central Piedmont's Network Management and Cloud & Virtualization programs into one comprehensive, in-demand credential.

Employment Outlook

The Charlotte region is hungry for networking and cloud talent. Recent analytics show 98,293 unique IT openings across 7,405 employers—including 3,414 Systems Administrator, 1,484 Cloud Engineer, and 1,254 Infrastructure Engineer roles—with a median advertised salary of \$109,952 for computer and mathematical occupations.

The skills you'll build are exactly what employers list: Linux administration appears in 9,900+ local postings, Microsoft Azure in 9,173, and network routing in 4,388. Your degree can open doors to roles like Network Administrator, Cloud Engineer, Systems Administrator, Infrastructure Engineer, and Network Technician.

Plan of Study

CREDITS

Term I

ACA 122 Transfer & Career Success	1
ENG 111 Writing and Inquiry	3
CIS 110 Introduction to Computers	3
CTI 110 Information Technology Foundations	3
CTI 120 Network and Security Foundations	3
Term Credits	13

Term II

CTS 115 Information Systems Business Concepts	3
CTS 120 Hardware/Software Support	3
NOS 110 Operating Systems Concepts	3
MAT 121 Algebra/Trigonometry I	3
CTI 140 Virtualization Concepts	3

You may have completed a program certificate(s). Confirm eligibility with your academic advisor.

Term Credits **15**

Term III

NOS 120 Linux Single User	3
NOS 220 Linux Administration I	3
NOS 230 Windows Administration I	3
SEC 110 Security Concepts	3
CTI 141 Cloud and Storage Concepts	3
ENG 112 Writing and Research in the Disciplines	3

Term Credits **18**

Term IV

NET 125 Introduction to Networks	3
NET 126 Switching and Routing	3
CTI 260 Data Center Troubleshooting	3
PSY 150 General Psychology	3

Term Credits **12**

Term V

PHI 240 Introduction to Ethics	3
SEC 175 Perimeter Defense	3
NET 225 Enterprise Networking	3
NET 226 Network Programmability	3
Technical Elective	1

You may have completed a program certificate(s). Confirm eligibility with your academic advisor.

Term Credits **13**
