

Associate in Applied Science

Data Analysis (A25590DA)

Data Visualization Career Track

Overview

Data is the language of modern business—and data analysts are the people who turn it into decisions. In this program you'll learn to collect, clean, analyze, and visualize data using today's essential tools: Python, databases, spreadsheets, statistics, and analytics platforms.

The Data Visualization track teaches you to transform complex data into clear, compelling dashboards and visuals using modern analytics and visualization tools—plus SAS and data warehousing—so decision-makers can instantly see the story in the numbers.

Employment Outlook

Every organization wants its data to be understood at a glance. The U.S. Bureau of Labor Statistics projects data and analytics roles to grow much faster than average through the decade, and employers increasingly prize people who can turn analysis into clear, persuasive visuals.

Your degree can open doors to roles like Data Visualization Specialist, Business Intelligence Developer, Dashboard Analyst, Reporting Analyst, and Analytics Designer.

(Please note: CPCC does not guarantee employment)

Plan of Study

CREDITS

Term I

ACA 122 Transfer & Career Success	1
CTI 110 Information Technology Foundations	3
CTI 120 Network and Security Foundations	3
CIS 115 Introduction to Programming and Logic	3
ENG 111 Writing and Inquiry	3
CIS 110 Introduction to Computers	3
Term Credits	16

Term II

CTS 115 Information Systems Business Concepts	3
CTS 120 Hardware/Software Support	3
NOS 110 Operating Systems Concepts	3
CSC 121 Python Programming	3
MAT 152 Statistical Methods I	4
<i>You may have completed a program certificate(s). Confirm eligibility with your academic advisor.</i>	
Term Credits	16

Term III

COM 231 Public Speaking	3
CTS 130 Spreadsheet	3
Humanities/Fine Arts Elective	3
CSC 154 Software Development	3
Term Credits	12

Term IV

WEB 110 Web Development Fundamentals	3
DBA 120 Database Programming I	3
CTS 118 IS Professional Communications	2
BAS 120 Introduction to Analytics	3
BAS 121 Data Visualization	3
Term Credits	14

Term V
