

Associate in Applied Science

Software Engineering (A25590SE)

Application Development Career Track

Overview

Software powers everything around us—and software engineers are the people who build it. In this program you'll learn to design, develop, test, and deploy real applications while mastering programming logic, databases, web development, and project management.

The Application Development track sharpens your skills in Java and enterprise programming—from data structures and algorithms to server-side development and emerging technologies—so you can build robust, scalable applications that businesses depend on.

Employment Outlook

Demand for software talent keeps climbing. The U.S. Bureau of Labor Statistics projects software developer employment to grow much faster than average through the decade, with strong salaries across nearly every industry. Application developers who can build and maintain dependable software are especially sought after.

Your degree can open doors to roles like Java Developer, Application Developer, Software Engineer, Back-End Developer, and Systems Programmer.

(Please note: CPCC does not guarantee employment)

Plan of Study

CREDITS

Term I

ACA 122 Transfer & Career Success	1
CTI 110 Information Technology Foundations	3
CTI 120 Network and Security Foundations	3
CIS 115 Introduction to Programming and Logic	3
ENG 111 Writing and Inquiry	3
Term Credits	13

Term II

CTS 115 Information Systems Business Concepts	3
CTS 120 Hardware/Software Support	3
NOS 110 Operating Systems Concepts	3
MAT 152 Statistical Methods I	4
CSC 151 JAVA Programming	3
Term Credits	16

Term III

ENG 112 Writing and Research in the Disciplines	3
CIS 110 Introduction to Computers	3
Humanities/Fine Arts Elective	3
<i>You may have completed a program certificate(s). Confirm eligibility with your academic advisor.</i>	
Term Credits	9

Term IV

DBA 120 Database Programming I	3
CSC 251 Advanced JAVA Programming	3
WEB 110 Web Development Fundamentals	3
CTS 240 Project Management	3
CSC 154 Software Development	3
CTS 118 IS Professional Communications	2
Term Credits	17

Term V

Social/Behavioral Sciences Elective	3
Technical Elective	1
CSC 249 Data Structure & Algorithms	3
CSC 174 Server-Side JavaScript	3
CSC 258 JAVA Enterprise Programs	3
CSC 284 Emerging Computer Prog Technologies	3
<i>You may have completed a program certificate(s). Confirm eligibility with your academic advisor.</i>	
Term Credits	16

Total Credit Hours
